

Typing/Data Entry/ Transcription

Rate typing and data entry skills quickly and easily with SkillCheck's powerful and flexible Typing and Data Entry tests!

Speed and accuracy in typing and data entry are crucial in many office situations. SkillCheck offers easy-to-use, automated tools for assessing these important skills.

Key Features:

- The SkillCheck Typing Speed and Accuracy Test assesses a candidate's ability to type from a printed document.
- The SkillCheck Data Entry Speed and Accuracy test assesses a candidate's ability to enter data into a standard database form.
- Both the SkillCheck Typing and Data Entry Tests come with powerful testmaking features, allowing you to create a typing test based on your own documents or a data entry test based on your own data and online forms.
- SkillCheck Typing and Data Entry Tests are available for PCs, networks and via the World Wide Web!

Tests Available:

The SkillCheck Typing Test Package includes the following tests and capabilities:

- Typing Test - Standard
- Typing Test-Making Capability

The SkillCheck Data Entry Test Package includes the following tests and capabilities:

- Data Entry - Alphanumeric
- Data Entry - Numeric
- Data Entry Test-Making Capability

MCS also offers Internet or software-based custom testing programs for clients requiring specialised content, new test delivery options or specific validation.
